

GOD'S PEACE TO YOU AND YOUR FAMILY AS WE
CELEBRATE CHRIST'S BIRTHDAY!

Here we are, another year older and another year wiser (...well maybe). We are now in our young 70's and still together after more than a half a century...and we are still having fun!! The bodies are a little more rickety but our spirits and hearts remain young because of family and friends like you. We do enjoy hearing from you at this time of the year!!

We continue with our Church and community volunteer activities, which we have shared before, and we continue to roam the highways and byways of our good old USA, this year traveling more than 6,000 miles in our RV from California to Georgia, seeing family and friends along the way. Be sure to check out our family webpage for the pictures and details.

Our children grow older, which sort of makes us realize how old we are but the grandchildren keep us young, all 9 of them, now ranging in age from 22 to 3 years. The enjoyable part is watching our children having the same experiences in rearing children ☺ as we have had traveling our life's journey with each other.

MERRY CHRISTMAS AND HAPPY NEW YEAR!

May the Peace and Glory of Christ's birth this season carry you through 2014 and beyond!*
